OSB HAS THEIR SOUND NAILED DOWN

OSB (Oriented Strand Board) is small wooden strips bonded together to form a stong board for use in building. This principal is at the heart of OSB's music. Openers for acts like Gavin Degraw, New Found Glory and American Hi-Fi, Boston-based pop-rock band's style has been described as a rock, blues, jam and groove-based sound. OSB spreads their melodious and infectious music by bringing their fun, high-energy live show to the stage.
